Facts and Figures

With revenues of €1.654 billion (2024) and over 5,600 employees from 94 countries, the KHS Group is one of the world's leading manufacturers of filling and packaging solutions for the beverage and liquid food industries.

With more than 150 years of engineering experience, the Dortmund-based company offers its customers holistic solutions for PET, glass, and canning lines along with an extensive range of services.

Stable growth: Positive business development in 2024

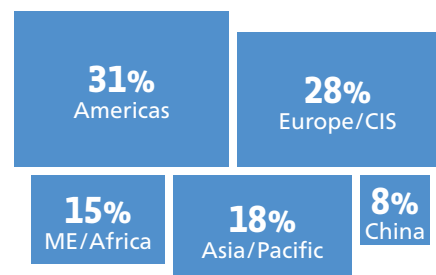

KHS is on a sustained growth path. The stable business development of recent years also continued in 2024, with a 9 percent increase in revenue compared to the previous year, enabling investments in production sites and the strategic expansion of the international network.

Profitable growth of the last few years successfully continued.

The steadily increasing demand for beverages and bottled water has led to positive revenue developments across all market zones. Through strategic partnerships, KHS is further strengthening its position in the PET, glass, and can segments. The most recent example is the partnership with Ferrum and H. F. Meyer, aimed at offering the world's best canning lines.

Positive business development in all regions.

Local, regional, international presence: KHS is at home all over the world

KHS is the reliable partner for the beverage, food, and non-food industries worldwide. With sites in all market zones and service teams in over 80 countries, KHS is always close to its customers, shaping the future of the beverage and packaging industry with passion and expertise.

Reliable partner thanks to international orientation.
